- I would like to know more in details of what the children study at school on weekly basis to be able to practice at home if needed. This would help parents to study at home with the children to see where we need put more work in, in order to progress for my child. I am sure if there was any issue with my child, I would be notified but me, personally would like to make sure that we bring the best out of her, and studies at her best. 😊

- Yes. More clubs like gymnastics or chess. Maybe tell more others parents that the website has lots of information that parents would find helpful. Teachers very good and work hard. Miss Barnes very helpful - a good person for the children to have.
- Amazing school leadership team. More events like the Banks Road Festival please - great for the community. Well done to Mr Wilson, Mr Savage, Miss Gainey, Mrs Magee and the whole team
- As parents we are so happy with how much the teachers and staff have always gone above and beyond to sincerely know our son. Any issues have been resolved with compassion and care for him and his future progress, both academically and personally. We will sorely miss him attending Banks Road but know he will carry all of the valuable nurture, teaching, support and guidance throughout his future academic journeys.
- We very much appreciate every teacher/ individual's efforts who is educating and looking after our daughter. Generally we feel she is in a safe environment with kind adults around her. We would like more information about her progression and definitely more about her difficulties and potential weaknesses ( we understand this wouldn't necessarily be welcomed by other parents). We feel it would be essential for us parents, to ensure we can do our best at home. Overall we are very pleased and very grateful for your efforts.
- Banks Road has made and continues to make a difference in the lives of my son and our family. A school that welcomed us from the beginning, is extremely welcoming, warm, the staff is incredible and my son learns with joy and not just theory. He always shares new things he is learning with enthusiasm and feels proud to be part of Banks Road. He loves Banks Road and so do we!
